1196 BRIDGING GENERATIONS INITIATIVE

https://www.masc.mb.ca/masc.nsf/program_bridging_generations.html

Assisting Manitoba's young farmers is one of MASC's primary lending objectives. The Bridging Generations Initiative (BGI) provides farmers under the age of 40 with financial incentives and customized terms and repayment options. The Bridging Generations Initiative aims to assist with the transfer of farm assets between young farmers and retiring producers. The Young Farmer Rebate (YFR) assists young and beginning farmers to develop or expand their farming operations. As an eligible young farmer, you can receive a rebate of up to 2% on \$150,000 of principal for the first five years of a MASC loan (lifetime maximum rebate of \$15,000). The Young Farmer Rebate is an annual rebate of up to 2% on the first \$150,000 of a loan's principal, available for each of the loan's first five years. The lifetime maximum per individual is \$15,000, so any unused YFR portion can be applied to subsequent loans...

1197 COMMERCIALIZATION SUPPORT FOR BUSINESS PROGRAM

<http://www.gov.mb.ca/jec/busdev/financial/csb/>

This program helps Manitoba continue to move forward by supporting product and process commercialization and business development in all sectors and all regions of the province. The Commercialization Support for Business Program will help entrepreneurs every step of the way at every stage of the business lifecycle. Commercialization Support for Business includes: Stream 1 – Product Development (Max up to \$50,000) – Funding targets market validation studies that include third party verification of the core results, registration of intellectual property, construction of a working prototype or finished good and obtaining product certification. Stream 2 – Commercialization (Max up to \$250,000) – Funding targets ventures moving from prototype to a market-ready product. Stream 3 – Market Development (Max up to \$30,000) – Funding targets ventures who engage in activities that will enable them to enter new markets outside of Manitoba...

1198 COMMUNITY ENTERPRISE DEVELOPMENT (CED) TAX CREDIT

<http://www.gov.mb.ca/agriculture/rural-communities/economic-development/community-enterprise-development-tax-credit-program.html>

This program encourages Manitoban resident investors or eligible corporations (permanent establishment in Manitoba and 25% of salary and wages paid by the corporation are paid to individuals who are residents of Manitoba) to invest in specific community enterprises or in community development investment pools in their communities. The aim is to assist community based enterprise development projects in raising local equity capital...

1199 DIRECT LOANS

https://www.masc.mb.ca/masc.nsf/program_direct_loans.html

For many farmers, access to credit is essential for maintaining and expanding their operations. While many established farmers have no trouble obtaining credit from traditional institutions, younger and expanding farmers with less proven collateral and/or capability can sometimes find it difficult to obtain the credit they need on the terms they want. The Manitoba Agricultural Services Corporation can assist you with the financial arrangements necessary to make your operation successful. MASC's Direct Loans provide beginning and established farmers with short, intermediate and long-term financing at reasonable interest rates and flexible repayment terms...

4096 YUKON MICRO LOAN PROGRAM

http://www.dananaye.yk.net/page1/financing_folder/

The Yukon Micro Loan Program is a tiered lending program—starting at \$3,000 for a first loan—to individuals who want to start, maintain or expand small businesses. Loan terms range from three months to three years. Applicants who successfully repay their first micro loan can apply for gradually higher amounts of funding for a future loan (maximum \$12,000 for a fourth loan). Additionally, those who repay their loans in a timely fashion may qualify for interest rate reductions on subsequent loans. Unlike other loan programs, the Yukon Micro Loan Program focuses on the applicant's character, trustworthiness and personal commitment rather than on the applicant's credit history and amount of collateral. In this way, the Yukon Micro Loan Program makes funds available to entrepreneurs who might not qualify for larger amounts of financing under more traditional loan programs. Micro loans can help an individual establish credit or improve a poor credit history. Micro loans can be used for business purposes such as: Buying or leasing equipment, tools or computers Making leasehold improvements Purchasing craft materials, supplies and inventory Paying first and last month's rent on a commercial space Advertising Micro loans cannot be used to refinance existing loans or to pay off personal debt. Yukon Micro Loan Program recipients are entitled to take selected dāna Nāye Ventures training courses at no cost...
